POSITION: Data Engineer

DEPARTMENT: Department of Health

SALARY: \$82,400

WORK LOCATION & HOURS: 175 Green St, Albany, NY 12202, 8:30A-4:30P

BENEFITS:

- ▶ Paid Time-Off
- ▶ Tuition Reimbursement
- ▶ NYS Retirement
- ▶ Health, Dental, Vision and Hearing
- ▶ Employee Assistance Program

DESCRIPTION:

The work is performed under the general direction of the Epidemiologist/Data Analyst, with responsibility for conveyance of public health data for operational and analytical purposes. The incumbent is responsible for supporting an AWS-based data warehouse. Unique to this position is professional knowledge of public health databases, including electronic health record and various State/Local data systems, as well as emerging data engineering practices. The incumbent will facilitate the use of data pipelines to support public health initiatives. The work involves ongoing contact and collaboration with Directors, healthcare providers, epidemiologists, data analysts, and departmental staff. Does related work as required.

MINIMUM QUALIFICATIONS: *EITHER*

- A. Graduation from an accredited college or university with at least a Master's degree in Data Science, Computer Science, Public Health Informatics, Information Systems, or a closely related field; OR,
- B. Graduation from an accredited college or university with a Bachelor's degree in Data Science, Computer Science, Public Health Informatics, Information Systems, or a closely related field and one (1) year of experience in data analytics or computer science.
